Revised August 2015

Environmental Policy

The Rappahannock Regional Solid Waste Management Board (R-Board), is committed to being a good steward of the environment. All R-Board employees are responsible for incorporating, into their planning and work, the actions necessary to fulfill this commitment. The R-Board has implemented the following environmental practices:

- Meet or exceed all applicable environmental laws, regulations and municipal standards;
- Demonstrate the principals of pollution prevention in management of its facilities through reducing waste, recycling, monitoring hazardous waste materials, and ensuring the safe and responsible disposal of all residual waste;
- Enhance environmental performance through self-assessment, and responsibly correcting conditions that are potentially harmful to the environment;
- Identify and periodically review environmental objectives and targets as part of maintaining its environmental management system;
- Promote the education of all citizens in the awareness of environmental issues and prevention of pollution;
- Encourage the use of sound environmental principles and practices by all R-Board vendors, local businesses, and industries;
- Train all employees to ensure competency of job specific duties;
- Communicate our commitment to environmental stewardship on our website and other media;
- Be responsive to the concerns and suggestions of the citizens of Stafford County and City of Fredericksburg regarding environmental issues;
- Manage all environmental emergencies promptly and effectively, and in accordance with our policies and applicable regulations; and
- Educate employees on the environmental management system and their corresponding role in it.
