The undersigned understands that the Rappahannock Regional Solid Waste Management Board (R-Board) is providing \_\_\_\_\_ (HOA) a container as part of the Community Pride Program. The undersigned HOA will be **responsible for the management** of the container while it is on site. No tires, hazardous chemicals, pesticides, paint, petroleum, household waste or commercial contractor debris, etc. will be disposed of in this container, only items you have wanted to discard but did not have the means to do so. The undersigned HOA will also be responsible for **any** trash accumulation outside of the R-Board container before, during and after the container has been removed from the site. Once the container is full, the door must be closed and no further loading is allowed. The debris must not protrude beyond the top of the container. By signing this application, the R-Board, Stafford County and its employees, officers, and agents will not be liable for any damages to HOA property, which may result from such placing of containers being provided by the landfill staff.
