

TO: Rappahannock Regional Landfill Customers
FROM: Susan Carpenter, Acting Assistant Superintendent
DATE: May 16, 2022
RE: Permit Renewal Package and Inspection Update

On behalf of the Rappahannock Regional Solid Waste Management Board (R-Board) we want to remind all of our valued customers that permit renewals are due for fiscal year 2023. This is pursuant to County Code 21-2 & 21-4. Companies disposing of waste at the R-Board facility must have a permit. Renewal applications must be renewed before June 30, 2022.

Permits

Permit Fees submitted before July 1st will not be processed until after July 1st.

We are offering Self-inspections – it is recommended that the inspections are conducted by an experienced mechanic.

Inspections by R-Board Staff will be available.

Our Fee Schedule and Rules & Regulations will no longer be mailed out, these documents will be available online at <http://r-board.org/commercial/>

Please note that by neglecting to renew your permits & perform fleet inspections may disrupt the R-Board's ability to provide you service.

Please contact Luis Alvarez-Beltran at (540) 621-5760 or Lalvarez-beltran@staffordcountyva.gov for inspections of your fleet. Questions regarding the application can be directed to Susan Carpenter at (540)-446-4832 or SCarpenter@staffordcountyva.gov

Cc: Rick Markwardt, Superintendent
